## STEM is Fun for Kids for K-1 at Beal Early Childhood Center

STEM Beginnings offers fun-filled and exciting programs focused on building and sustaining interest in the areas of Science, Technology, Engineering, and Mathematics (STEM). Our main goal is to introduce STEM-related concepts through effective instruction and enjoyable activities. We believe that the creation of a fertile ground for learning starts during a child's early years. We aim to stimulate young minds and inspire them to create and cultivate curiosity toward these disciplines. As a result, we hope to be able to contribute in shaping their intellectual development, opportunities for future study, and choices of career, as well as their capability to make informed decisions in the future.

### STEM is Fun for Kids | Kindergarten to Grade 1

Through hands-on activities and STEM challenges, children will think, construct, experiment, discover, and develop the desire to learn more. They will explore the use of different learning tools that enable and emphasize STEM learning. Every class, we learn something new and experience a different kind of fun. After all, learning is BEST when kids are having FUN! STEM is FUN!

- This is a 6-class program. Classes are conducted one hour per week for six weeks. Personal absences are forfeited.
- All materials and supplies are provided by STEM Beginnings. Additionally, newsletters are sent out to parents describing STEM challenges done in class as well as recommended STEM at home activities.

Classes will be held every **Fri** from **Jan 13<sup>th</sup>** to **Feb 17<sup>th</sup>**  
**3:45 – 4:45 PM**

Cost is **\$90**

STEM Education + Early Childhood = Future Success

## WINTER 2017 SESSION

To view class schedule, cost, and register, go to [www.stembeginnings.com](http://www.stembeginnings.com) and click **Online Registration**.

You may also go directly to our online registration portal by accessing <https://reg134.imperisoft.com/StemBeginnings/ProgramDetail/3338333733/Registration.aspx> using your browser.

- You need to create an *Account* in order to register your child.
- Under *Season*, select "Winter 2016-2017"
