

GREETINGS FROM COOLIDGE SCHOOL

November 9, 2015

Dear Families,

As you know, last Friday Mrs. Jarvi and Mrs. Klinedinst collaborated to prepare students for the Coolidge Talent Show. The children looked forward to sharing their skills all week, and it was a hot topic at lunchtime. For us adults, it was also a great opportunity to see our students in a completely different setting. I learned a lot, most importantly to check my assumptions.

Some of our initially enthusiastic children were the most reluctant to perform. Several students changed their mind about what to share midway through rehearsal. Other children saw the sharing and asked about joining. Some members of the audience knew exactly how to behave. Others were only listening for their chance to come up and do their thing; they chatted when others performed. These revelations surprised me, because we routinely talk about taking risks at All School Meeting, and our students learn early what it means to be a “good audience”. Yet some of our most capable students have not yet learned to generalize. In other words, the confidence and competence they felt in school failed them on Friday after hours.

I hope you will encourage your children to share their talents with us, in and out of school. Most importantly, I hope you'll join us in reinforcing this message: *Mistakes are allowed, because we learn from them.* In terms of developing talent, it's more important to keep taking chances than it is to perform something perfectly. Most accomplished artists fail early and often- the just don't give up as a result.

Sincerely,

Amy

Amy Clouter

Principal

FROM COOLIDGE SCHOOL NURSE MRS. ZIMMERMANN:

November is National Diabetes Awareness Month!!

There are nearly 26 million children and adults in America who have Type 1 Diabetes. As school community members, we are dedicated to the well being of our students and staff, and want to share with you a few of the warning signs/symptoms of Diabetes.

Some behaviors a child may exhibit at home or school that could indicate undiagnosed Diabetes:

- Frequent trips to the bathroom (especially in close sequence)
- Unquenchable thirst
- Irritability

- Unusual fatigue
- Weight loss; thin-appearing

Many of these symptoms may be related to illnesses that are not associated with Diabetes. Important factors to consider are:

- With Diabetes, there should never be a fever.
- Urinating at night or wetting the bed is an important sign to watch for and quick follow up is recommended.

Always contact your healthcare professional with any concerns as they can provide appropriate diagnostic tests and treatments.

Clothing, bedding, curtains, anything made from cloth can be dropped off at school at any time to the front lobby of the school. Our school will make 20 cents for every pound of cloth that is donated and we hope to bring in more than we did last year. Join us in trying to break our own record of 1386 pounds. All proceeds from the sale of our donations will go to the Epilepsy Foundation.

Just a friendly reminder that we will continue to collect Halloween candy thru Friday, November 13th. Extra candy can be dropped off in the collection box in front of the main office. All goodies will be used in St. Anne's Thanksgiving baskets for families in need. Help Coolidge break our record of 150lbs of candy and make the holidays a little sweeter for families in our area. Thank you for your support!
