Dear Parents:

In today's modern world, childhood seems to fly by for our youth, leaving parents with little time and the difficult decision of how to best influence their child and prepare them for their future. For over 100 years, the proven Scouting programs have helped youth develop **academic skills, physical fitness, self-confidence, ethics, leadership skills, and citizenship skills** that influence their adult lives. In Cub Scouting, boys and their families have fun and adventure in a program that **builds character and instills values**. These values come to boys in all parts of the Cub Scout program - all while your son is having a great time with their friends and your family!

While various activities and youth groups teach basic skills and promote teamwork, Scouting goes beyond that and encourages youth to achieve a deeper appreciation for **service to others in their community and the importance of family**.

Scouting promotes activities that lead to **personal responsibility and high self-esteem**. As a result, when hard decisions have to be made, peer pressure can be resisted and the right choices can be made.

It's time to come and see all that Scouting has to offer for your son's present and future - it is sure to be great **fun for the entire family!**
