2. [Please Note](#) – Friday Lunch and Learn Sessions for Shrewsbury High School Students (New)

Do you have a student interested in learning more about being a Criminal Defense Attorney or having a career in Law?

This week, on February 2nd, the SHS Lunch and Learn guest speaker is Ms. Lisa Steele. Ms. Steele is a criminal defense attorney representing indigent defendants on appeals of their convictions in Massachusetts and in Connecticut. She represents people who have no money, have been convicted of serious crimes, and are fighting to show that they are not guilty. She presents serious constitutional issues -- search and seizure, right to counsel, due process, and so on to the highest courts in two states, with a chance of making decisions that affect every defendant's rights. She is happy to talk about the criminal justice system from the defendant's point of view, and about how young voters can get involved with local, county, state, and federal elections that affect that system. Registration is required and students can register [here](#).

Are you interested in being one of our guest speakers? An overview of the Lunch and Learn program can be found [here](#), and the schedule of future speakers with open time slots for March and April can be found [here](#). Contact kkeohane@shrewsbury.k12.ma.us if you are interested.

Join the Shrewsbury Public Library on Tuesday, January 30th at 7:00 p.m. with Bob Ainsworth, author of DUPED, a fictional account of the robbery at the Isabella Stewart Gardner Museum after the 1990 St. Patrick's Day. Two men dressed as Boston cops stayed for about 90 minutes and left with 13 pieces of art. None of the items have been found.

Ainsworth will review the actual details of the theft, the suspects, and the motives behind the theft. The idea for the Harry Bartlett stories sprang from his Accounting students' reactions to fraud anecdotes.

We are pleased to announce that we are accepting applications for the 2024 [Adventures in Veterinary Medicine \(AVM\)](#) program at Cummings School of Veterinary Medicine at Tufts University.

AVM is an exciting and intensive program where students can explore the wide variety of careers available within veterinary medicine and discover first-hand what it is like to attend veterinary school.

For students who are trying to determine whether veterinary medicine is the right career path, AVM is a great way to gain a deeper understanding of the profession. The program is also helpful for students who have already decided on a future in veterinary medicine, as it allows them to experience life as a veterinary student and explore opportunities within the field. Many of our past AVM participants have successfully gained admission to veterinary school both here at Tufts and at other schools.

During the one- (middle school) or two-week (high school) programs participants will:

- investigate specialty fields like anatomy, wildlife, nutrition, and surgery
- gain hands-on experience with our teaching animals
- practice bandaging, animal CPR, and suturing
- and more!

We offer options for 7th – 12th grade students. The middle school program is first-come first-served based on application/deposit date. High school has a selective admissions process for both residential and commuter options.
