1. Please Note – Honor an Educator, Staff Member, or Student and Support Career Exploration

As the school year draws to a close, we invite you to [make an end-of-year gift](#) to honor an educator, staff member, and/or student through a donation to the [Colonial Fund](#). (This makes a great graduation gift!) A [simple end-of-year gift](#) is appreciated as well.

The [Colonial Fund](#), Shrewsbury Public Schools' Annual Fund, is supporting multi-faceted [Career Exploration opportunities](#) for our students, including hands-on experiences outside the classroom. This year, roughly 100 high school students explored their interests in at least 15 different careers across 10 different locations. Hundreds of other middle and high school students attended career fairs and job fairs all sponsored by the Colonial Fund. Details of the opportunities and photos of the students in action can be found on the [Colonial Fund website](#).

With your donation, you are helping us provide the resources necessary for our students to actively engage in career exploration experiences, while pursuing their interests and gaining the confidence to realize their dreams. As a special gift, choose one of our six personalized thank-you cards and we will customize it with your name and send it to the recipient of your choice. All honorees will be recognized on our website and announced in a future edition of the School Journal. Start the honorary application and select your card [here](#). To make a simple end-of-year gift, please start [here](#). Thank you for supporting Career Exploration!

1. Please Note – Students Together Opposing Prejudice (S.T.O.P.) Program (New)

The Students Together Opposing Prejudice (S.T.O.P.) program is a comprehensive initiative designed to foster inclusivity and combat prejudice among middle school students. Implemented over a seven-week period, this curriculum is facilitated by high school students who have undergone leadership training. The program employs an array of engaging games, activities, and peer discussions to instill in participants the ability to identify, challenge, and effectively respond to stereotypes, prejudice, and discrimination. By nurturing a well-rounded understanding of diverse perspectives, S.T.O.P. empowers young individuals to forge meaningful connections with those who differ from them. The program aims to develop participants into future leaders and model citizens.

We are currently seeking enthusiastic middle school students to join our upcoming fall 2023 cohort, as well as dedicated high school facilitators. High school students who volunteer as facilitators will accrue valuable leadership skills and earn volunteering hours, further enhancing their profiles. Middle school participants will gain interpersonal and communication skills, equipping them with the tools necessary to effectively combat prejudice in their communities.

If you are interested in your child partaking in this transformative program, please email alam.ridha@gmail.com. Click [here](#) to view the flier for more information. Click [here for middle school sign-ups](#) and [here for high school sign-ups](#).

S.T.O.P. is open to Shrewsbury Public School students, but please note that the program is not affiliated with Shrewsbury Public Schools.
