### School District Items

#### **1. [Please Note](#) – Shrewsbury Public Schools Offers Meals at No Cost for Students (New)**

Shrewsbury Public Schools will be participating in the National School Lunch Program and the School Breakfast Program. As part of this program, Shrewsbury Public Schools will offer healthy meals every school day. The Massachusetts legislature has provided funding to make meals available at no cost to all students during the school year 2023-2024, regardless of household income. However, families should still complete a Meal Benefit Application as this provides data for key funding for academic resources and may also connect families to additional benefits. This data will also support the additional funds provided by the Commonwealth for this pilot. For more information about this program, please click [here](#).

#### **2. [Please Note](#) – Bus Privilege Registration 2023-2024**

Please note that the Powerschool parent portal is open from August 1, 2023 through August 11, 2023 at 4:00 PM for 2023-2024 bus registrations. For all the new families who just moved to town, welcome! Please register for your children's bus service using the parent portal. Late fees do not apply to families who have recently moved to Shrewsbury or have children entering kindergarten.

For all late registrations pertaining to students already enrolled in Shrewsbury Public Schools during our spring registration window [April-June 30, 2023] and missed the deadline of June 30th, there will be a \$50 late fee automatically applied to your account when you register.

For the families who partially registered but didn't pay before the June 30th deadline, there will be a \$50 late fee automatically applied to your account when you pay.

#### **3. [Save the Date](#) – Music Drive by the Shrewsbury Schools Music/Theater Association, September 23rd**

Please save the date for the 68th annual Music Drive, taking place the morning of Saturday, September 23rd. All high school theater and music students should plan to participate in this one-time, four-hour event to sell season concert tickets in our neighborhoods and help raise funds for our theater and music departments. This one event alone earns as much as \$16,000

for use by our performing arts directors and teachers, and we need full community support to accomplish this!

We are in great need of adult drivers! Each year we need 40 to 50 parents to help drive the students out on their routes. It is a tremendous task to find enough drivers to help us in this event. Please consider helping this year! Visit [myssma.com](http://myssma.com) to learn more and volunteer to drive!

Please see the [full job description](#) for more information.

## **7. Please Note – Shrewsbury Public Library: Message from Library Trustees**

We've had many discussions with our library staff and community partners to try to create a safe environment for middle school aged kids. We restricted the students to the young adult and community commons sections of the library, offered age-appropriate activities, and volunteered to help monitor and supervise the students during the time they were in the library. These efforts did help somewhat; but, put simply, we cannot safely supervise and manage the number of students at the library. Behavioral issues also continue to impact overall safety and disturb other patrons' use of the library. There is also concern for students' safety while walking to the library and through the center of town and in the parking lot, as many children have been observed to disregard traffic.

At a properly posted public meeting, the Board of Library Trustees voted unanimously on June 20, 2023 to change the Child Safety Policy regarding when children can use the library building without adult supervision in response to the above. The updated policy, effective July 1, 2023 reads:

*Children through grade six must be continually attended and supervised by a parent or parent's representative while in the library. Children in grades seven and eight may be left unattended for a maximum of two hours.*

## **8. Save the Date – Barefoot Half Marathon, September 3rd**

If you don't have any plans for "Labor Day Weekend, we would like to invite you to the third Barefoot Half Marathon on Sunday, September 3rd at 6:30 a.m. Have you ever witnessed someone running barefoot? Do you even know about this event that has been happening in Worcester county since the pandemic? The half marathon will start in Sterling and finish at Shrewsbury High School. You are invited to "Sweat for Education" or just cheer for the runners.

This event is organized by "Nap Briye," a non-profit organization with a mission to create a digital platform to provide good quality, free, and accessible education to underprivileged children in Haiti. Our mission is to reduce the percentage of people who do not have access to education and increase the literacy rate in Haiti. The Haitian educational system yields the lowest total rate in the education realm of the Western Hemisphere. Despite being the first black independent nation in the world, Haiti's economic and social development continues to be hindered by political instability, increasing violence, and unprecedented levels of insecurity, which exacerbate fragility. Education is the key to success. Without education, there will be more insecurity due to delinquency. With education, we will have hope for a better future.

You can join us and "Sweat for Education," volunteer, donate, and tell your friends and family about this event. Check our [website](#) or google 2023 Barefoot Half Marathon. Feel free to share it on your personal social media and follow us.

#### **12. Please Note – Community Health Assessment**

A CHA, or a Community Health Assessment, is a way of gathering information about what the community's needs and resources are when it comes to being healthy. A CHA should answer the question: What does a healthy region look like and what more do we need to do to get there?

The 2024 CHA will bring together information on the health of the Greater Worcester region from varying data sources and through information provided by the community. We encourage anyone who works or resides in any of the following communities to complete the survey:

- City of Worcester
- Town of Grafton
- Town of Shrewsbury
- Town of West Boylston

The Worcester Division of Public Health, lead agency of the Central MA Regional Public Health Alliance (CMRPHA), in partnership with UMass Memorial Health, Fallon Health, and the Coalition for a Healthy Greater Worcester is leading the effort. Other community organizations serve in an advisory capacity for the CHA including but not limited to local governments, non-profits, and healthcare institutions.

A CHA is meant to be a tool for the community to know more about the health concerns, resources, and priorities of the residents, students, and workers of the region. A well-done CHA ensures that resources go towards the issues that are most pressing, that organizations will work together to improve health in key areas, and that decisions are made with health in mind.

Please [click here](#) to take the 2024 Community Health Assessment. The deadline to respond is August 18th. We want to hear from you! Thank you for your valued input!
