Driveway Logo Fundraiser 2024. Parent reps discussed this fundraiser that Alison brought forward. Details are being worked out now with our art department at the high school. A member will ask the town if there are any restrictions for this and we hope to move forward with this in the spring.

VII. Athletic Director:

GOFan.com: this is being used at all games. It's been working well. A member asked if receipts can be given through the app. They are available in the app.

VIII. Team Requests:

The football request was approved. Coach Aloisi had requested purchasing either new or used weights for the higher weights because they are rusty and not useable. He also requested funding for a new \$6,800 sled and tackling dummies for August. He offered to hold a fundraiser in the spring to help raise the money for this. The weights are being added to the weight room project.

The softball request from last month (\$2134.55 for nets, balls, pitching machine and screen) was approved.
