

Oak Fall ASAP Classes

Monday Course Offerings:

Introduction to Art History: Art Explorers – Instructor: Ms. Berkeley

Have you ever visited a museum and said, “I just don’t get it” or “Why is that hanging in an art museum?” Join other curious minds as we learn to “read” artwork to help us answer these questions. Every great explorer needs a box of tricks, so we will begin by creating a “tool kit” of words and historical facts to help us. Then, we will have a brief overview of various genres of art to give you an idea of the possibilities, and then YOU will choose where we go next for each additional session. Please bring your ideas and iPads to our first meeting, as we will be using technology to take virtual field trips to museums and archeological sites around the world!

Ultimate Frisbee – Instructors: Mr. Mularella, Mr. Bellemer

Join Mr. Mularella and Mr. Bellemer to throw around a frisbee and play a few games of ultimate frisbee. All ranges of skills and ability are welcome. Come improve your throwing and catching or to improve your existing skills. Each week we will play a game of ultimate out on the fields, so come prepared to run, catch, throw and maybe even layout for a catch.

Tuesday Course Offering:

Forensic Science – Instructor: Ms. Reidy

Have you ever wondered just how they solve crimes? They use forensic SCIENCE! In this fun and interactive course, you will learn how science is involved in the solving of the crimes we see in the news every day. You will learn the importance of science in the field of solving crimes, as well as some of the techniques used from start to finish.

Wednesday Course Offering:

Origami! – Instructor: Ms. Berkeley

Learn to craft cranes, frogs, dragons and other creatures using origami, the Japanese art of paper folding. It’s amazing what you can create with a single sheet of paper! You can work individually or team-up for more complicated projects. Please bring a pencil, a ruler, and your iPad as we will visit websites and view YouTube videos for inspiration. All levels welcome. **\$5.00 supply fee**

Basketball – Instructors: Mr. Amdur, Mr. Viola

Itching for some extra time on the court? Join Mr. Amdur and Mr. Viola in the gym, to hone your basketball skills, work on drills and of course play some games.

Thursday Course Offerings:

Google Doodle – Instructor: Mr. Gray

Doodle 4 Google 2015 US Competition. Later this month Google will announce the theme for this year's competition. Each week we will watch Google sponsored informative videos, take part in individual and group warm up activities and brainstorm ways to transform the Google logo into a unique and creative doodle that fits this year's theme. I will collaborate with each of you individually and at the end we will all submit an entry into this years competition.

Strategy Board Games – Instructor: Mr. O'Brien

Challenge your classmates and stimulate your critical thinking by engaging in a strategic board game competition! Make new friends and have fun as you learn about Geography, Math, Economics, and much more. Games will include Risk, Stratego, Chess, and Checkers. All of this will be old school - no iPads!

Gettin' Crafty! – Instructor: Ms. Heal

In the Arts and Crafts After School Activity Program, expect to get your creative juices flowing with projects that involve cutting, gluing, and plenty of glitter. If you're a fan of Pinterest crafts or creating something new out of something old, then this ASAP is for you! **\$5.00 supply fee**
