1. Please Note – Destination Imagination

Welcome to the “in-person” season of Destination Imagination at Shrewsbury Public Schools! Student/team registration is now open for the 2021-2022 season. More Information about the program can be found on our [website](#). Click [here](#) to view the DI parent information session recording.

The cost is \$75 per student (\$50 for students whose parents help manage or appraise the team). Please note that this fee is in addition to the school activity fee, which is \$50 for Sherwood Middle School, \$75 for Oak Middle School, and \$100 for Shrewsbury High School. This fee is only required once and covers all activities for the year. We do not want the fee to be a barrier to participation; if your child wants to participate but you are in financial need, please contact Central Office Administrative Assistant Blake Stewart at bstewart@shrewsbury.k12.ma.us (all inquiries will be confidential).

2. Save the Date – SHS Robotics Farmers Market & Holiday Craft Fair, November 20th

The SHS Robotics Apple Pie Fundraiser is back and so is the Winter Farmers Market and Holiday Craft Fair! This event will be held inside Oak Middle School gym (masks required) on Saturday, November 20th from 2:00 p.m. to 5:30 p.m. Save the date and apply to be a vendor for locally-made foods and handmade crafts and services. Spaces are limited, so don't wait. Proceeds from the \$30 vendor fees will be donated to SHS Robotics Club. For more information, see the [flyer](#), contact Missy at 01545farmermarket@gmail.com, or fill out the [vendor application](#).

3. Save the Date – SEPAC General Meeting, November 4th (New)

Please join us at our November General Meeting on Thursday, November 4th from 6:30 to 8:00 p.m. at the Beal School Media Center. We will welcome Kenzie Chin, M.S.Ed., Ed.M., an Educational Specialist with the Department of Elementary and Secondary Education, to discuss the Tiered Focused Monitoring (TFM) review process. This review happens every three years and involves select policies, procedures, student records, and building facilities to see if districts and schools are in compliance with, or following, the state and federal laws and regulations for special education and civil rights. This process allows the Office of Public School Monitoring (PSM) to provide districts and schools with support and technical assistance to further benefit students. Kenzie will present information about the TFM process and take member questions.

4. Please Note – SAT Prep Course, Classes Begin November 1st

The Shrewsbury High School Fall SAT Prep Course will be offered once again through Shrewsbury High School. Classes will begin on Monday, November 1st and run through Monday, December 6th. Classes will meet remotely on Mondays from 5:30 to 8:00 p.m. for a total of six night sessions. Test-taking strategies will be emphasized in this class. Class size will be kept small, allowing for a great deal of individual attention. Enrollment is strictly on a first-come first-served basis. The course is open to juniors and seniors.

Students will also take two full-length SAT exams, which provides reinforcement for skills taught during the course and test-taking experience. The cost of the program is \$220 for Shrewsbury residents and \$250 for non-Shrewsbury residents. This class will run only if there is sufficient demand. Additional information and registration forms are located at SHS in Mrs. Monopoli's office on the third floor, the School Counseling office, or can be downloaded from the SHS School Counseling webpage (under "College Related Testing" on the SHS website). Please contact Jen Williams if you have any questions at jawilliams@shrewsbury.k12.ma.us or (508) 841-8810.

6. Please Note – Congratulations to the SHS Crew Team (New)

Congratulations to the Shrewsbury High School Crew Team! The Girls' 1V and Boys' 1V (varsity) boats competed in the Head of the Charles Regatta (HOCR) on Sunday, October 24th. The HOCR is the largest 3-day regatta in the world and consists of a head race in which boats depart at 15-second intervals from the BU Boathouse and race 3 miles upstream on a challenging course filled with bends and bridges before finishing past the Eliot Bridge in Brighton. Also, a huge thank you to Coach Hastings in his final season, and to Coach White and Coach McGuinn for all the hard work and preparation!

7. Please Note – Search for Shrewsbury Public Schools Alumni (New)

The Shrewsbury Public Schools would like to reconnect with all of the alumni currently living in Shrewsbury. If this is you, please complete this very [short survey](#) and tell us a little more about yourself.

Over the past few years, we have been actively engaging with the alumni we have already reconnected with. During the early days of the pandemic, we invited our high school students into discussions with SHS alumni who volunteered to meet and speak with students for an hour about their chosen career and life choices. During the 2020-21 school year, we again had alumni to “return to the classroom” to speak to elementary students on a specific subject suggested by the teacher.

Your experiences as a student in SPS will help us enhance the educational, career, and life experiences of the next generation. Even if you can’t volunteer right now, or you went to Shrewsbury schools for only part of your school career, please still reconnect. THANK YOU for helping our students!

The Color of Law: A Forgotten History of How Our Government Segregated America, November 16th

In this virtual discussion on Tuesday, November 16th at 7:00 p.m., acclaimed author Richard Rothstein will explain how residential segregation was created in the mid-twentieth century by racially explicit and unconstitutional government policies that openly subsidized whites-only suburbanization in which African Americans were prohibited from participating. His lecture will educate attendees on the history of these policies so they can be prepared to undertake the national conversation necessary to remedy the unconstitutional racial landscape. Click [here](#) to see the flyer. Register to attend [here](#).

Sponsored by the Friends of the Shrewsbury Public Library, the Shrewsbury Rotary Club, A Better Shrewsbury, The Needham Diversity Initiative, the Needham Rotary Club, the Grafton Public Library, the Hopkinton Public Library, the Westborough Public Library, and the Southborough Public Library.

Intermittent Fasting for Beginners at the Shrewsbury Public Library, November 16th

On Tuesday, November 16th at 7:00 p.m., Dr. Donald Peltó will introduce the topic of intermittent fasting, a popular weight control technique seen frequently in the media. He will explain why it works, what the health benefits are, who should and should not attempt this type

of fasting, and how it works for weight loss and helping to control diabetes. Dr. Peltó will share examples from his patients who have had success with intermittent fasting, as well as typical fasting schedules and tips to make it easier. This is an in-person event at the Shrewsbury Public Library; please register [here](#).

"Battleground" Documentary Virtual Film Screening and Live Q&A, November 9th

Join the Shrewsbury Public Library on Tuesday, November 9th for a virtual screening of the documentary film Battleground, followed by a live Q&A with the film's creators.

The film explores the state of American democracy as seen through the eyes of two opposing grassroots political leaders. Tom Carroll is a Trump delegate and a Tea Party Chairman. Greg Edwards is a Black pastor and a progressive leader supported by Bernie Sanders. When their paths collide, we realize that they have much more in common than meets the eye. They come together to provide a framework for us to begin to heal our divide in America.

Battleground is an antidote to the media echo chamber effect, which is marked by passion, but is often devoid of understanding. Register to attend [here](#). Sponsored by the Friends of the Shrewsbury Public Library.

For any questions, please email shrewsburyhistory@townisp.com.

About the Program: Doctor Edward Flint served as a physician in the Continental Army under General Artemas Ward, who was second in command to General George Washington. Edward Flint (1733-1818) apprenticed to Dr. Simon Tufts in the “Art of Physics and Chirurgery” in

Grafton, Massachusetts. Most notably, Dr. Flint periodically treated sick and wounded soldiers during the American Revolutionary War from 1775 to 1783. “Dr. Flynt” variously demonstrates 18th century tooth extraction, blood-letting, leeching, cranial trepanning, leg amputation, musket ball removal, cataract couching, snake bite treatment, pain management, pharmacological preparations, smallpox vaccination, and several other medical practices of the period.

About the Presenter: Donald Pottle is a fifty-year veteran of education from Shrewsbury High School and Schepens Eye Research Institute (Boston, MA). He portrays, in the first person, “Dr. Edward Austin Flynt,” a generic physician of the American Revolutionary War. To date, Don, as Dr. Edward Austin Flynt, has presented his first-person generic 18th century colonial medicine re-enactments to more than fifty audiences, including Historical and Medical Societies throughout Worcester County.
