

Community Sponsorship Opportunity

Shrewsbury High School is hosting the 2nd Annual Reality Check

Reality Check is a financial literacy fair that upper level Shrewsbury high school students will participate in on Tuesday, May 1st. Students have prepared for this exercise through classroom instruction in savings, spending, debt, and credit. Assigned with a career and credit score, the students will visit numerous booths to build a budget that aligns with their income.

Many professionals have volunteered to guide students as they choose transportation, phone/cable packages, housing, clothing, furniture, food, auto financing, insurance, and entertainment expenses. They will also spin the "Reality Wheel" which will present them with an unexpected expense (replacement of tire, laptop, etc.) or an income supplement (inheritance, gift of money, lottery win, etc.) impacting their budget. These are examples of roadblocks to successful money management. Counselors will review their results and guide them in balancing their budgets.

A professional career coach has also been secured to speak & conduct an interactive Q&A session with the students. Each student will be supplied with the speaker's book, notebooks, stylus pens, and have opportunities to raise their credit score through correct answers to financial related questions.

This initiative requires funding from numerous resources. We are extending sponsorship opportunities for you and/or your organization to make this valuable experience possible. As students graduate and begin to pay their own living expenses, they should be more successful budgeting after completing this exercise.

Please consider one of the following sponsorship levels:

Gold Sponsorship \$1,000

Prominent logo and/or business name on Student T-Shirts*
