Dear Parents:

In today's modern world, childhood seems to fly by for our youth, leaving parents with little time and the difficult decision of how to best influence their child and prepare them for their future. For over 100 years, the proven Scouting programs have helped youth develop **academic skills, physical fitness, self-confidence, ethics, leadership skills, and citizenship skills** that influence their adult lives. In Cub Scouting, boys and their families have fun and adventure in a program that **builds character and instills values**. These values come to boys in all parts of the Cub Scout program - all while your son is having a great time with their friends and your family!
