Not-So-Sweet Sugar

What's the deal with sugar?

Sugar can either be naturally occurring or added into foods. Mainly fruits and vegetables have naturally occurring sugar (which is good!). On the other hand, snack foods, soda, cereal, yogurt, etc. have sugar added to them.

What's the problem with added sugars?

Added sugar contributes calories, but no essential nutrients. Eating and drinking too many foods or beverages that contain a high amount of added sugar can make it difficult to achieve a healthy eating pattern.

How can I limit my sugar?

1. Make a few healthy changes:

- Aim for lower sugar cereal that you can sweeten up with some fruit.
- Downsize your portions – if you choose a high sugar item, select a smaller size.
- Drink water with citrus or fruit instead of soda.
- Limit your coffee/tea to 1 teaspoon of sugar per day.

2. Check the Ingredients:

- Look for sugar on the ingredient list
 - Common names: brown sugar, corn sweetener, corn syrup, dextrose, fructose, glucose, honey, lactose, molasses.
 - **HINT:** if the word ends in “ose” it means sugar!
- The new food labels include grams of added sugar; choose products with limited amounts of added sugar.

Fun Fact: The average American gets 270 calories of added sugars each day – that's about 17 teaspoons of sugar! Yikes!

Free and Reduced Breakfast/Lunch Applications

Free and reduced-price meals are available to students if there is financial need. Applications for the 2018-2019 school year are available all year and can be submitted at any time there is a financial need. Applications are available on line at the Food Service web site. Eligibility is governed by guidelines set by the United States Department of Agriculture. Notification will be emailed to all families stating what program they qualify for.

**Click here for the Free and Reduced Application form: <https://www.lunchapp.com/>

A new application must be filled out each new school year. Eligibility from school year 2017-2018 expires on October 12, 2018. Applications for the 2018-2019 school year will be available on August 15, 2018, but not before.

**Families do not have to fill out a new application if they received notification that their children were directly certified through the Department of health and Human Services to receive free meals.

If you have questions or need help filling out the online application, please contact:

Application forms are now posted on our website, for all households to access, complete, and electronically submit. Computers with internet access are available at the School Department at the Town Hall and at the Town Library for families without internet or computer access. Applications may be submitted at any time during the school year. The information

households provide on the application will be used to determine meal eligibility and may be verified at any time during the school year by school or program officials.

Under the provisions of the free and reduced-price meal policy, the determining official(s), as designated by the sponsor/agency, shall review applications and determine eligibility. Parents or guardians dissatisfied with the eligibility ruling may discuss the decision with the determining official on an informal basis. Parents may also make a formal request for an appeal hearing of the decision and may do so orally or in writing with the sponsor/agency's hearing official. Parents or guardians should contact the Food Service Department at 508-841-8819 for specific information regarding the name of the determining official and/or hearing official for the school district.

District Philosophy

It is the philosophy of the district to provide nutritious meals to all students who wish to purchase a meal or are eligible for a free or reduced price meal per the regulations of the National School Lunch Program. Parents are responsible for either providing their children with meals, applying for free or reduced price meals when appropriate, or providing adequate funds for their child to purchase a meal. But under no circumstance will a student be denied a breakfast [when offered] or a lunch meal due to a lack of money or a negative food account balance. A child will not be denied a school meal because of parental negligence as we know this unfairly punishes children and impedes their ability to learn.

Regulations and Guidelines

This policy is informed by regulations and guidelines published by the United States Department of Agriculture under the National School Lunch Program, Massachusetts General Law, and the Massachusetts Department of Elementary and Secondary Education's Office for Food and Nutrition Programs.

Policies

a) Policy on Communicating Student Food Account Balances

Parents are responsible for knowing the amount of their child's food account balance. Parents may view their child's food service account balance at anytime by looking in *PowerSchool* using their Parent Portal Access. Parents of students who have a negative account balance will receive an email communicating the negative balance amount until it is rectified. The use of automated telephone calls will also be employed for the collection of delinquent accounts. Parents may set up automatic replenishment of their child's account through the district's online payment processor to avoid negative account balances.

b) Policy on Charging Meals and a la carte Items

A child will not be denied a school meal because of parental negligence as we know this unfairly punishes children and impedes their ability to learn. Students who have a negative fund balance may charge a la carte items to their account only when those a la carte items are accompanied by a meal. Students who have a negative account balance cannot further their indebtedness by purchasing a la carte items without a meal.

So called "alternative meals" i.e. peanut butter and jelly or cheese sandwiches will not be used as substitutes as this identifies the child as having a delinquent account in front of their peers and will likely not provide any added incentive for the parent to pay.

c) Policy on Delinquent Debt Collections

Payment for negative account balances may be made at anytime using the district's online payment processor. Parents can access this feature via their PowerSchool Parent Portal access account. Students may also rectify their account by paying cash or by check to the cashier at their school. Parents may also rectify negative accounts by making a check payment to the Shrewsbury School Department and mailing it or dropping it off at the Food Service Director's Office, Shrewsbury High School, 64 Holden Street, Shrewsbury, MA 01545.

When a student account balance goes negative to a sum that exceeds three times the cost of a lunch meal, this will be considered a delinquent account. The Food Service Director, in consultation with the school cafeteria manager, will then begin collection efforts with the respective parent or guardian. The Food Service Director may also share a negative account balance report periodically with school principals because this information may be useful as an additional symptom of a larger problem that the student and their family are experiencing. If attempts by the Food Service Director do not result in payment, then the delinquent account will be sent to the School District Business Office. The Business Office will attempt collection through parent/guardian communications. Collection efforts may result in denial of access to discretionary school programs, pursuit in small claims court, or sale of the debt to a collection agency.

Denial of access to school programs as noted above may include but is not limited to: graduation activities or ceremonies, the Extended School Care Program, Summer Programs, Extra-Curricular/After School Programs, and other, optional, fee-based programs.
