## Another Successful School Year For The Colonial Fund

The 2016-2017 school year has been another successful year for the Colonial Fund. Thanks to the generosity of our donors and overwhelming community participation in our Colonial Fund sponsored events, we were able to **raise \$55,800 for our schools**. We are especially grateful to [Shrewsbury Federal Credit Union](#) for being the Colonial Fund's Innovation Partner again this year.

**Whether you made a modest contribution or a major donation, you helped us raise enough money to make a meaningful impact in our schools next year.**

If you like what we are doing and would like to see more innovation in learning in our schools, please consider a [donation to the Colonial Fund](#). To see current projects and events supported by the Colonial Fund, [follow us on Facebook](#), [Twitter](#) and visit our [website](#).

## Profile Of A Graduate

This past winter, the Colonial Fund was proud to support an important project for our district, developing Shrewsbury's Profile of A Graduate. A team of 23 educators, parents and community members met to define what we believe is most critical for our students to know and be able to do by the time they graduate from Shrewsbury High School.

This project complements the ongoing community discussion started last year with the screening of the *Most Likely to Succeed* documentary and the establishment of a district wide Innovation in Learning Study Group.

When school resumes in the Fall, there will be more discussion about Shrewsbury's Profile of A Graduate and the opportunity for public comment and feedback. To learn more about this important work and be ready to participate, please click [here](#).

## A New Summer Reading List for You

All Shrewsbury students have summer reading lists. Why not you? Here is our second annual list of books we recommend you try this summer. These books are all tied to the work done by our Profile of A Graduate work group.
