

COVID-19 Closure Update

A presentation to the School Committee

May 6, 2020

Key Messages

- 1) The **health & well-being** of students, families, & staff is **priority #1**.
- 2) This is an extraordinary time in history, and **everyone in our community has a collective responsibility** to respond to this challenge.
- 3) Even though our schools are closed, **we continue to support our students, families, and staff** from a distance and **empower continued student learning**.

Community Well-Being

Rise Up Together Virtual 5K: Over 1500 participants!

Community Well-Being Fitness Challenge

Would like to invite you to support the

Shrewsbury High School
Physical Education Staff

TOTAL MINUTES LOGGED = 56,560

By logging a combined

2,020,000 minutes

Of physical activity between
May 4th and May 31st.

Department of School Nursing Update

1. May is Mental Health Awareness Month

2. Governor Baker's order to wear face masks

**The extraordinary situation
we are in is difficult
for everyone!**

Shout out to the KIDS.

Everyone is applauding everyone but our children. These little heroes have stayed indoors more than they've ever known in their lives. Their whole worlds have literally been turned upside down. All these rules they've never known. A life they couldn't have imagined. All the things they love like sports, being with friends, going to school, or just being kids have all been taken away from them. Adults talking about others becoming unwell, news reporting death after death. Our poor children's minds must be racing. Every day they get up and carry on despite all that's going on. So here's to our little heroes: today, tomorrow, forever.

**Reach out to your school nurses and
counselors for support!**

There are resources to help!

It's Okay to Talk About **SUICIDE**

Thoughts of giving up and suicide can be frightening. Not taking these kinds of thoughts seriously can have devastating outcomes.

2nd Suicide is the 2nd leading cause of death for people ages 10-34

 The overall suicide rate has increased 31% since 2001

 Suicide is the 10th leading cause of death in the U.S.

46%

of people who die by suicide have a diagnosed mental health condition

90%

of people who die by suicide have experienced symptoms of a mental health condition

Suicide is **NOT** the answer.

If you start thinking about suicide, seek help. Call or text a crisis line or a trusted friend.

Make an appointment with a health care professional to talk about what you're thinking or how you're feeling.

Suicidal thoughts are a symptom, just like any other — they can be treated, and they can improve over time.

HIGH RISK POPULATIONS

75% of all people who die by suicide are male

4x Lesbian, gay and bisexual youth are four times more likely to attempt suicide than straight youth

Transgender people are 12 times more likely to attempt suicide than the general population

12x

 If you are concerned about suicide and don't know what to do, call the National Suicide Prevention Lifeline at 1-800-273-8255.

Don't be afraid to reach out if you need help!
