

Summer 2021: *Supporting All Students*

A Presentation to School Committee by

Meg Belsito, Assistant Superintendent of Student Services

Amy Clouter, Assistant Superintendent for Curriculum, Instruction & Assessment

Crisis: An Opportunity for Change

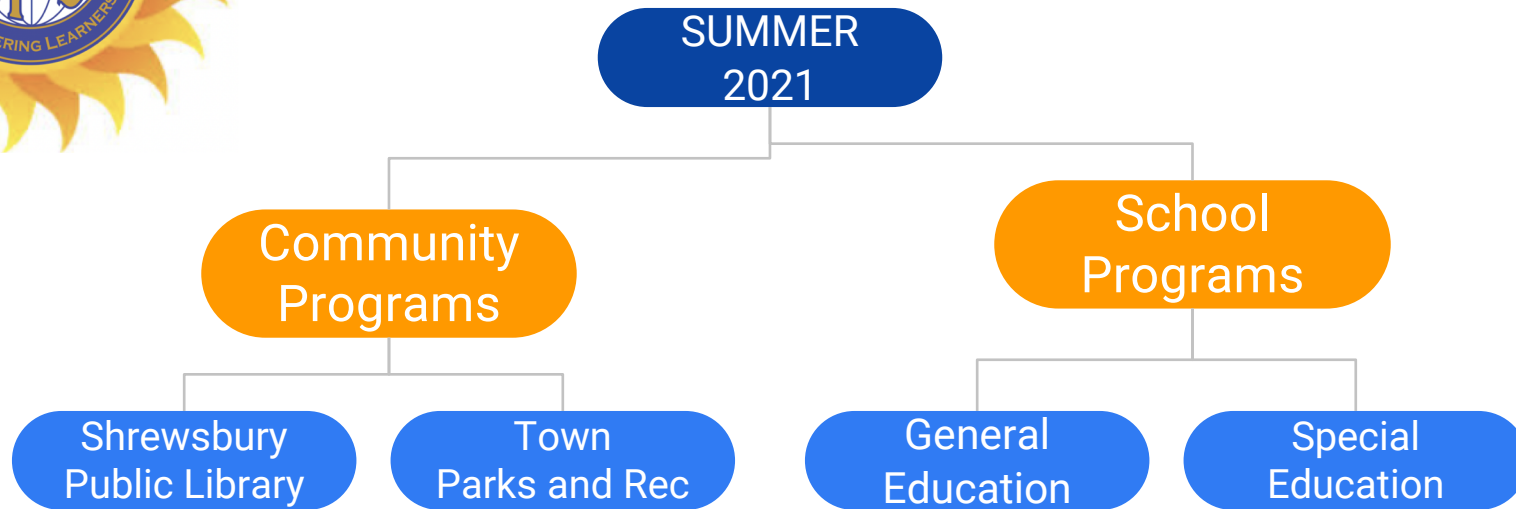

危机

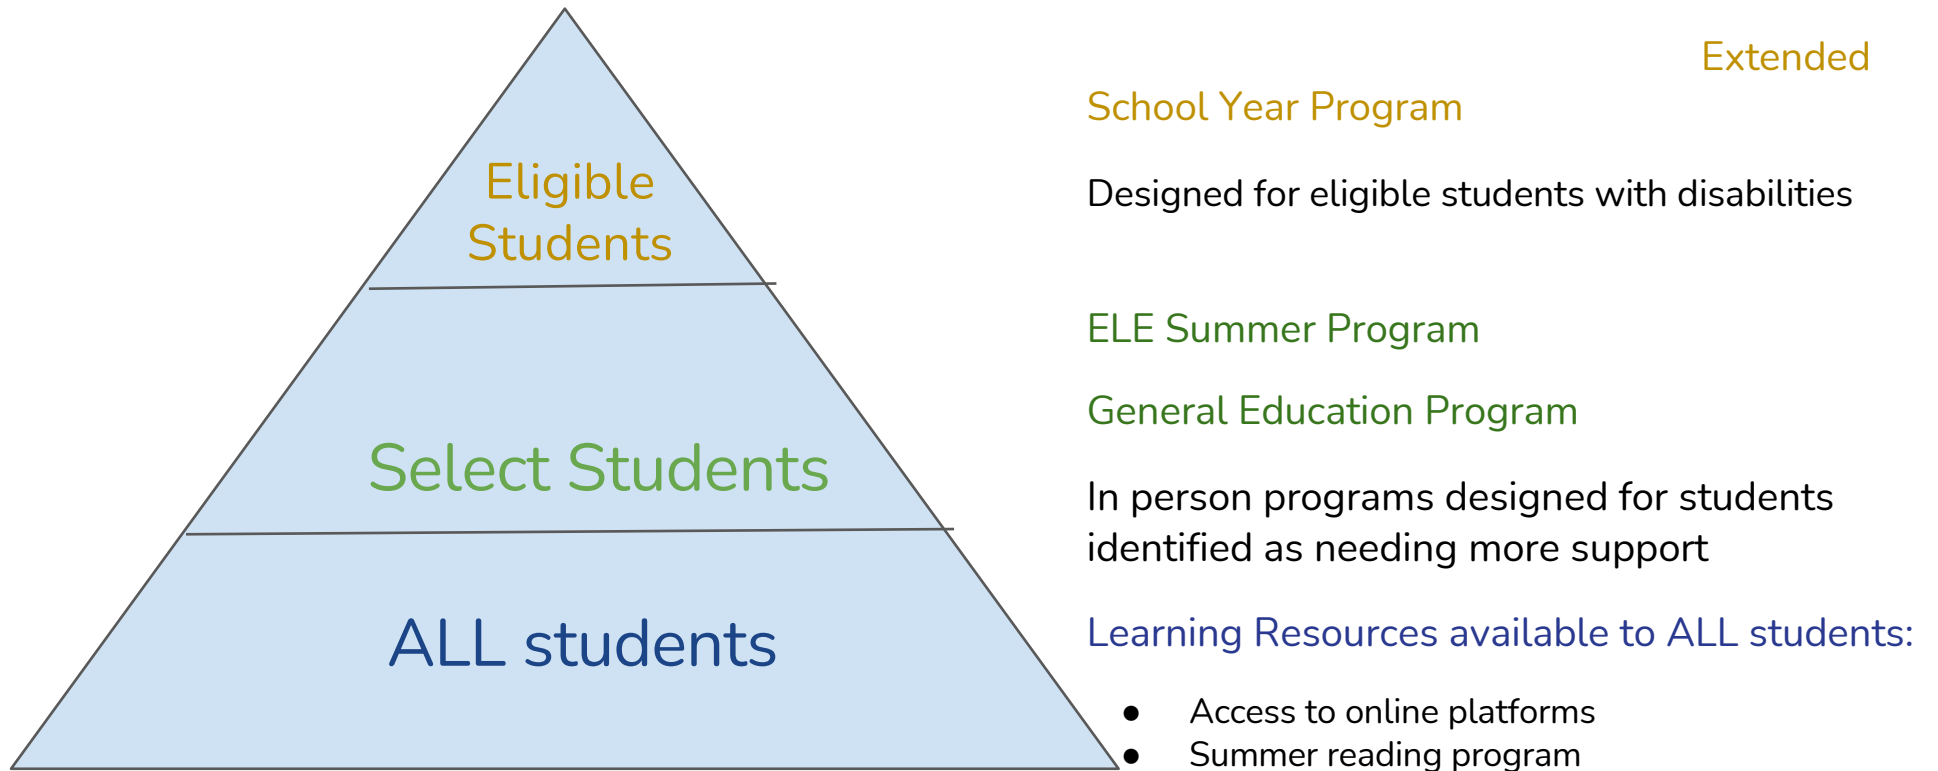

The first one 危 (wéi) is danger,
the second 机 (jī) is opportunity.

Support All Summer

Support for Every Student

40 Classrooms of Focused Instruction

In-Person Program Details

- **Planning with Safety in mind**

1 campus: General Education Program for grades K-8 will be held at Oak

Nurse on site

COVID protocols in place

- **2 weeks for most, 3 weeks for English Learners**

ELE: Mon- Thurs 7/19-22

ALL: Mon-Thurs, July 26-August 5th

- **2 sessions per day**

Mornings focused on Literacy

Afternoons on Math activities

Social emotional learning integrated all day

Who's Invited?

Grade	Student Guests	Proposed Grouping / Staffing Model	
K	43	4 classes*	At the Elementary level, we'll group 10-15 students with one teacher. That educator will teach both content areas. These numbers suggest we'll need 35 teachers at the Elementary level if all our invitations are issued and accepted.
1	109	12 classes	
2	104	10 classes	
3	78	5 classes	
4	83	5 classes	
5/6	53	At the middle level two teachers will support each group of 20 students, so we'll need 6 teams or 12 teachers in all.	
7/8	66		

*Note: This assumes classes of 10 for students in Grades K-2 and 14 for Grades 3 & 4.

A Summer of Opportunities

For Readers

- The Library will be encouraging children in grades K- 5 to create an account through Beanstack, an reading tracking software app, and linking incentives to minutes read
- Weekly Thursday Take-Home kits starting June 29th through August
- Choose your own adventure storywalks at Lake St Park
- One time programs via the Library's [online calendar](#)

Daily Schedule *Mon-Thur: July 26th-29th and Aug 2nd-5th

8:30-9:00 Team Morning Meeting

9:00-11:30, Part I

- 9:00- 10:10 - Block 1
- 10:10-10:30 - Mask Break / Snack
- 10:30-11:30 - Block 2

11:30-12:00 Lunch

12:00-2:35, Part II

- 12:00-1:00 - Math Stations / Independent Reading Block 1
- 1:00-1:30 - Mask Break / Afternoon Game
- 1:30-2:30 - Math Stations / Independent Reading Block 2

2:30-2:45 Team Check out / End of Day Meeting

Exciting Times

Extended School Year (ESY) Services

Our ESY Purpose

Shrewsbury Public Schools is committed to ensuring that all students with disabilities receive a free appropriate education (FAPE). For some students, FAPE may require provision of special education services beyond the academic school calendar.

The purpose of ESY is to ensure that a student's IEP benefits achieved during the school year are **not significantly jeopardized** during a lapse in programming in the summer months.

- ESY is not to address IEP goals/benchmarks that a student has failed to achieve during the school year or to provide a new type of educational benefit.
- ESY services should not be equal to the amount of services provided to a student during the school year.

Definitions for Eligibility

Regression and Recoupment

The student is unable to maintain an acquired skill when special education instruction or related services are interrupted.

The student requires a significant amount of time to recoup lost skills.

Nature and Severity of Disability

The student requires more consistent and highly structured programming without substantial breaks in order to make progress in the identified area of concern.

The student will suffer significant loss of skills or behavior and is more vulnerable to loss when the school program is interrupted.

Critical Stages/Areas of Learning

For this student, an extended break in instruction at this stage will jeopardize critical skill development.

The student will suffer significant loss of skills, behavior, or opportunities essential for the promotion and maintenance of the student's self-sufficiency.

What's Our ESY Story

The Federal Department of Education indicates that approximately **5% to 15%** of eligible students receive ESY services but this varies from school to school.

2020-2021 school year, SPS has approximately 878 students with IEPs & 89 students in referral.

Total: 967 SWD

In anticipation of this summer: we should be estimated to have a range between:

48 - 145 Students

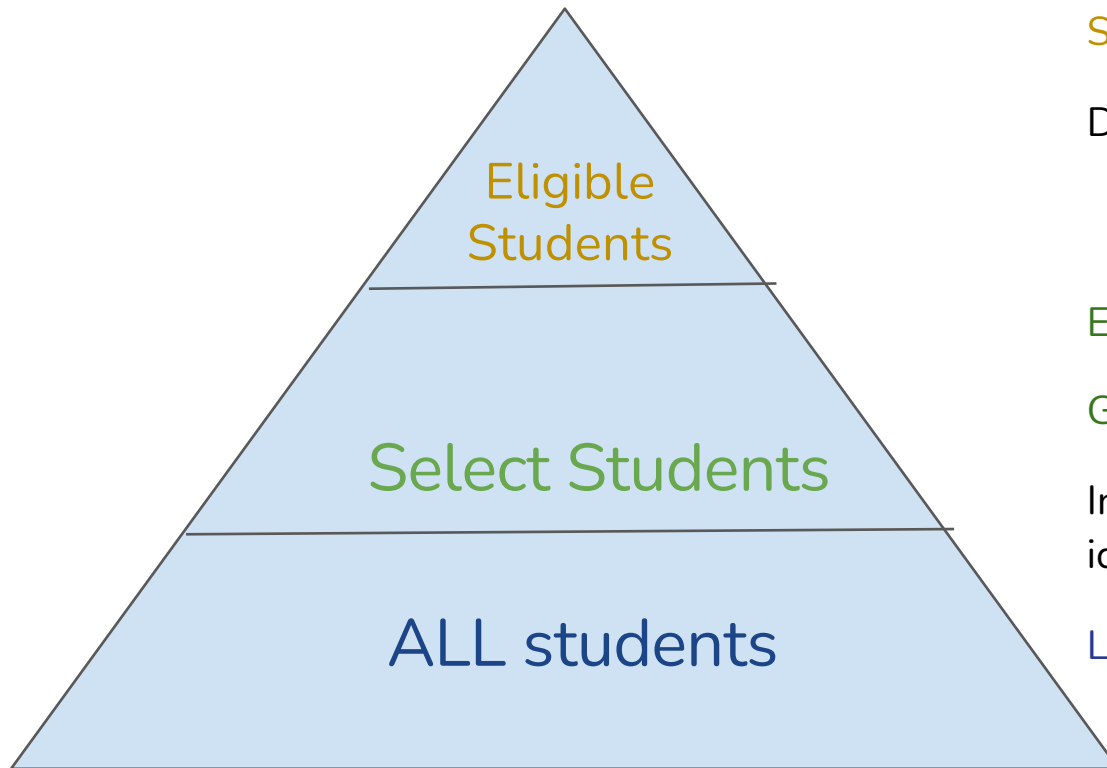

To date, 280 students have qualified for various services

Key Factors for ESY 2021

- Strong recommendation for in person services
- Date by which to inform the district of need for remote instruction
- Covid Compensatory Services

Support for Every Student

Extended

School Year Program

Designed for eligible students with disabilities

ELE Summer Program

General Education Program

In person programs designed for students identified as needing more support

Learning Resources available to ALL students:

- Access to online platforms
- Summer reading program
