A Celebration of Learning

Courses offered:

- Foundations of Art ~ Mrs. LeBlanc
- Foundations of Cooking ~ Mrs. LeMay
- Foundations of Music ~ Mr. O'Toole
- Foundations of Physical Education ~ Mrs. Burke and Mrs. Silbor

About our courses:

The Family Consumer Science, Music, PE and Visual Arts departments provide multiple opportunities for students to access the curriculum in a least restrictive/inclusive environment. These classes are called Foundation courses, where each student is able to reach their personal success, while working collaboratively with peers twice per week during the rotating schedule between Art, Cooking and Music. Students in PE meet on a three day rotating schedule.

While in these classes, students engage in and apply basic skills of art, cooking, music, and physical education that are assessed through various exhibits, performances and movement experiences.

Students:

Clip 1 (Left to right)

- Lilya Mulroy, Class of 2023
