Negotiations with Shrewsbury Education Association, Unit A

John Samia and Sandy Fryc updated the committee about the recent meeting with the SEA. In this meeting, the SEA presented the bulk of their requests; most related to professional development, working conditions for educators and directors, and cost of living increases. Patrick Collins provided the committee with a memo detailing cost models for the cost of living increases and then gave a broad idea of what a number of the other requests might have on the budget. He would do further more detailed analysis for future negotiation sessions. The committee then discussed at length the impact of these requests on the school budget and on working conditions.
