**Strategic Planning Workshop**

Mary Beth Banios led a workshop regarding the district's approach to setting the SPS strategic priorities. The School Committee and SLT teams split up into groups to talk about how we can improve the focus for the district. This was done by reviewing the current set of strategic priorities and recommending revisions and updates based on feedback received from their respective faculty and staff. The groups reconvened to collectively share their group's feedback. Group feedback was provided to Ms. Banios and will be used in future meetings to plan the next set of strategic priorities for SPS.
