# Superintendent's Recommended Reductions Under a "No Override" Scenario

| Recommended Reductions to Close Budget Deficit  | Reduction or<br>Offset | Reduction/Off<br>set Running<br>Total | Remaining<br>Deficit | Notes  |
|---|------------------------|---------------------------------------|----------------------|--|
| Deficit   |                        |                                       | -\$752,266           |  |
| Offset some Paton costs through full day kindergarten revolving account                     | -\$30,000              | -\$30,000                             | -\$722,266           | Full day kindergarten tuition can be applied to offset partial costs of aide support, instructional coach, specialists, etc.   |
| Use federal Title II grant to offset portions of elementary instructional coaches' salaries | -\$50,000              | -\$80,000                             | -\$672,266           | Funding can only be used for positions that provide professional development, reduces funding for other professional development needs   |
| Reduce Athletics Department allocation  | -\$75,000              | <b>-\$15</b> 5,0 <b>00</b>            | -\$597,266           | A corresponding increase in sponsorships and/or boosters support will be required, otherwise scope of program will need to be reduced  |
| Miscellaneous operations reductions   | -\$40,160              | <b>-\$195</b> ,160                    | -\$557,106           | Defer purchase of substitute procurement software; reduce various operational accounts to reach target   |
| Reduce textbook budget  | -\$30,000              | -\$225,160                            | -\$527,106           | Defers virtually all purchases other than math materials   |
| Level fund school and department discretionary funds  | -\$50,000              | -\$275,160                            | -\$477,106           | This funding totaled \$558,057 in FY05 and would remain at reduced amount of \$311,464, which is 44% less than a decade ago (not including the loss of purchasing power due to inflation over that time)   |
| Reduce level of technology funding  | -\$85,000              | -\$360,160                            | -\$392,106           | Compounds problem of purchase deferrals and equipment becoming obsolete as a result; will finance as much as possible through alternative funding (revolving accounts, fundraising)  |
| Cut portion of foreign language teacher at SHS (0.4 FTE)                                    | -\$20,569              | -\$380,729                            | -\$371,537           | Reduction in staffing for French to partially offset required additions in Spanish and Mandarin  |
| Cut middle level advanced math coach position (1.0 FTE)                                     | -\$88,716              | -\$469,445                            | -\$282,821           | Eliminates this math curriculum position at critical time when new math curriculum is being implemented - trade off to enable restoration of math curriculum coordinator position under a no override budget. Increases risk of losing students to charter schools. One advanced math coach position remains; that position may share responsibilities across both schools in order to address students with the greatest advanced math needs. |
| Cut elementary music teacher position (0.9 FTE)   | -\$46,280              | -\$515,725                            | -\$236, <b>541</b>   | Would not replace this position that is open due to a retirement. Will reduce the scope of the music program as fewer teachers are spread across the sytem. The retirement differential between the current salary and budgeted replacement is already accounted for in the budget.  |
| Cut health teacher (0.6 FTE)  | -\$30,853              | -\$546,578                            | -\$205,688           | Reduces the scope of the health program; will affect special subject offerings at either the elementary or middle level  |
| Cut elementary classroom teaching positions (Net 4.0 FTE reduction from budget)             | -\$205,688             | -\$752,266                            | \$0                  | Makes a bad class size situation worse at the elementary level. Reduction of 6.0 FTE individual positions: -3.0 Kindergarten (-4.0 from Beal, +1.0 at Paton), -1.0 Coolidge Gr. 4, -1.0 Paton Gr. 2, -1.0 Spring Street Gr. 4. Results in only 4.0 FTE savings from appropriated budget due to reduced offset for full day kindergarten tuitions.  |

| The high school leadership has investigated various in-school programs other area high schools are using to avoid having to send students to out-of-district placements for a variety of reasons, such as mental and behavioral health issues. This program would also help students who are returning after long term illnesses or who must have limited schedules and academic courseloads due to recovery from concussions. Further, a new state law mandates that schools may no longer exclude students entirely for long-term suspensions/expulsions, so an internal support program, combined with online learning options, could meet this need. This program will also be connected with current dropout prevention efforts in place at SHS. | Priority 3                      | \$65,000                    | <b>\$</b> 0                      | \$65,000                      | \$65,000            | 1.0  | 0.0                                 | 1.0                              | 1.0                 | Academic Support Teacher   |
